

Instruction for response.epa.gov

You can get to information by entering: <https://response.epa.gov>

Click on Web Sites in Tabs above Green Bar

Click Hurricane Harvey 2017 in Right Recent Updates Table

-or-

Direct link to Harvey Info:

https://response.epa.gov/site/site_profile.aspx?site_id=12353

- How to log in (ideally if they can request login before they depart)

Everyone need to be registered on OSC website.

https://response.epa.gov/site/login.aspx?ReturnURL=%2fsite%2fdoc_list.aspx%3fsite_id%3d12353

Login ID: Your EPA email address

Password: If you do not know/have a password, click on “Forget your Password” to have a temporary one sent to you. You can then use that, click on Account Info (next to Login) to update to a password of your choosing. If you have problems, they should have contact information to assist you quickly.

Log in each time in order to access the entire site.

- How to navigate to the Harvey info

https://response.epa.gov/site/doc_list.aspx?site_id=12353

This link gets you to the internal Harvey info. You can click the major tabs above the green bar, or scroll down the left menu bar for Categories.

- Finding the daily IAP (key items to note: the approved daily talking points usually on p. 15, org chart and safety contacts may change for that day)

https://response.epa.gov/site/doc_list.aspx?site_id=12353

Left Menu bar lists all categories—select All Documents (should be default) and scroll down for current IAP

- Finding key documents (the list of the approved outreach flyers, and other material that may be useful)

https://response.epa.gov/site/doc_list.aspx?site_id=12353

Left Menu bar lists all categories—select Flyers-Handouts
